PMtutor Online for Business Analysis (PMI-PBA) certification

Welcome once more to PMtutor!

The PMI-PBA Online Training is made up of 7 Chapters with each chapter exploring one of the Chapters in details. The program is paced in such a way that you cannot access the chapter all at once; it forces you to understand one chapter before moving to the next chapter.

N/B: To move to the next chapter, you must get 80% in the evaluation test.

Each of the chapter has three important segments – The Guide, The Practice Test and The Evaluation Test.

1.0 **THE GUIDE**

Click Guide >> Show Details

The Guide comprises an overview of each of the knowledge areas in PDF and MP4 video format. Please, see the corresponding Chapter and its knowledge area.

Note: All overviews are in PDF and do NOT have MP4 versions

Chapter 1: Introduction

Chapter 2: Need Analysis

Chapter 3: Business Analysis Planning

Chapter 4: Requirement Elicitation and Analysis

Chapter 5: Traceability and Monitoring

Chapter 6: **Solution Evaluation**

Chapter 7: Mock Exam

The Practice Test

The Practice Test is one of the most vital and pivotal tool for learning. It is recommended you go through all the Practice Test in each chapter. Please, see below corresponding number of questions for each chapter:

Chapter 1 – Introduction – **10** Questions
Chapter 2 – Need Assessment – **25** questions
Chapter 3 – Business Planning – **25** questions
Chapter 4 – Requirement Elicitation and Analysis – **25** questions
Chapter 5 – Traceability and Monitoring – **25** questions
Chapter 6 – Solution Evaluation– **25** questions
Chapter 7 – Mock Exam – 10**0** questions

The Evaluation Test finally tests your knowledge through simulation questions. It is the barrier between you and the next chapter and also obtaining your corresponding certificate. You must obtain a minimum of 80% to pass. Please, see below corresponding number of questions for each chapter:

Chapter 1 – Introduction – **10** Questions
Chapter 2 – Need Assessment – **10** questions
Chapter 3 – Business Planning – **10** questions
Chapter 4 – Requirement Elicitation and Analysis – **10** questions
Chapter 5 – Traceability and Monitoring – **10** questions
Chapter 6 – Solution Evaluation– **10** questions
Chapter 7 – Mock Exam – 200 questions

4. 0 ASSIGNMENT

Mama Muli Buka Online
